

Hey 🙋, I'm Marcin

I'm a **technical product designer**.
I think in **Figma** and **prove it in code**.

Over a decade of making complex systems make sense, across IoT, SaaS, renewables, and travel. I work in a hybrid of **Figma and IDE**: designs grounded in UX best practices, tested with real users, and handed to developers as working prototypes in code.

EXPERIENCE (TASK ORIENTED)

More at [Linkedin](#) or [Portfolio](#)

Home Assistant

SR. PRODUCT DESIGNER · REMOTE

OCT 2024 - PRESENT · 1 YRS 8 MOS

Designing core experiences for Home Assistant, a privacy-first, open-source smart home platform. Main focus: Automations and Intelligence. Shipped PRs to the production frontend codebase. Also contributing across the product, including UX audits, information architecture, and a design system modernization supporting volunteer contributors.

Codibly

SR. PRODUCT DESIGNER · REMOTE

DEC 2021 - JUL 2024 · 2 YRS 8 MOS

Designed SaaS platforms for insurance and energy sectors, specialising in intuitive UI and advanced functionality across multi-platform systems.

Marcin Bauer

GENERALIST · REMOTE

JAN 2013 - PRESENT · 13 YRS 5 MOS

Created diverse works across branding, Wordpress websites, marketing videos, and iOS/Android app designs. My services extended to various industries including health management, accounting, renewable energy, music, coaching, language learning, food & catering.

lastminute.com

SR. PRODUCT DESIGNER · ON-SITE

DEC 2016 - DEC 2021 · 5 YRS 1 MOS

Developed an adaptive and personalisable WYSIWYG website builder, "Content Hub" for lastminute.com, featuring sophisticated SEO integration and dynamic elements, leading to the migration of over 140,000 pages. Further responsibilities encompassed designing internal communication resources and a portal exclusively for employees.

Phantom.me

UI/UX DESIGNER · ON-SITE

JUN - OCT 2016 · 5 MOS

Managed branding and design for an all-in-one Android app featuring biometric secure login and encryption for communication, file storage and note-taking; also handled user experience analysis, website design and promotional assets.

Softbay

UI/UX DESIGNER · ON-SITE

SEP 2013 - JUL 2016 · 2 YRS 11 MOS

Oversaw UI and UX design for diverse applications across iOS, Android, and Windows Phone platforms, including a travel guide app and a doctor appointment management system.

StopanGo (STARTUP)

UI/UX DESIGNER · ON-SITE

JUL 2013 - JAN 2014 · 7 MOS

Designed marketing assets for a public transit mobile app facilitating real-time updates and personalised route suggestions in major Polish cities.

Eduranto (STARTUP)

UI/UX DESIGNER · ON-SITE

2011 - 2012 · 1 YR

Created promotional materials and designed a responsive web application for note-sharing and knowledge exchange among users. Secured a spot in the second to last round of funding from YCombinator.

Game Factory

JUNIOR UI/UX DESIGNER · ON-SITE

SEPT 2011 - DEC 2011 · 4 MOS

Designed UI/UX for facebook games.
